Professional Summary

MCA student with a strong interest in Computer Networks, Linux Administration, IT Support, Technical Support, and Cyber Security. Knowledgeable in TCP/IP, DNS, DHCP, Routing & Switching, Operating Systems, and Network Troubleshooting. Certified in Cyber Security and AI technologies. Seeking entry-level opportunities in IT Support, Technical Support, Networking, NOC, and Cyber Security domains.

Education

Integral University — Lucknow, India
Master of Computer Applications (MCA) – In Progress — *2025 – 2027*
- Coursework: Computer Networks, Distributed Operating Systems, Database Management Systems, Java Programming, Data Science, Cyber Security Fundamentals

Chhatrapati Shahu Ji Maharaj University — Kanpur, India
Bachelor of Computer Applications (BCA) — *2022 – 2025*
- Coursework: Java Programming, Database Management Systems, Computer Networks, Operating Systems, Software Engineering

Projects

Wi-Fi Security Analyzer
- Developed a security analysis tool for evaluating Wi-Fi network security
- Analyzed wireless network information and security configurations
- Applied networking and cybersecurity concepts to identify potential security weaknesses
- Used practical knowledge of network security and wireless security concepts

Hospital Management System
- Developed a basic Hospital Management System to manage hospital-related information
- Implemented modules for managing patient and hospital records
- Applied database management concepts for storing and retrieving information
- Designed the system to simplify basic hospital data management and record handling

Technical Skills

Networking: TCP/IP, OSI Model, DNS, DHCP, IPv4, IPv6, Routing & Switching, Network Troubleshooting, Network Security Fundamentals
Operating Systems: Windows 10/11, Linux, Ubuntu, Kali Linux (Basic)
Cyber Security: Authentication & Authorization, Risk Management, Security Fundamentals, Ethical Hacking Basics, Security Monitoring
Tools: Cisco Packet Tracer, Wireshark, Nmap, Microsoft Office, Google Workspace
Programming & Database: Python (Basic), Java (Basic), SQL (Basic)

Certifications

Google IT Support Professional Certificate

Google Cybersecurity Professional Certificate

IBM Ethical Hacking with Open Source Tools

Microsoft AI & ML Engineering

Google AI

Strengths

Quick Learner, Problem Solving, Analytical Thinking, Team Collaboration, Adaptability, Time Management

Additional Information

Languages: English, Hindi, Urdu
Currently Learning: Cyber Security, Linux Administration, and Networking
Availability: Willing to relocate; available for immediate internship opportunities
